Pila, Boro and Flica Cryptocurrencies of Trieste

A bridge between history, culture and innovation

Why Pila, Boro and Flica?

Trieste has always been a crossroads of cultures and trade.

With Pila, Boro and Flica we want:

✅ Enhance local identity.

✅ Promote digital innovation.

✅ Create new opportunities for businesses and citizens.

Our Vision

◆ Making Trieste a symbol of innovation in the digital world.

◆ Creating a sustainable and inclusive economic ecosystem.

◆ Bringing Trieste culture into the future.

Our Cryptocurrencies

- Pila – Daily payments, stable currency.
- Boro – Investment and savings, community connection.
- Flica – Innovation and NFT, digital projects.

The Blockchain

✅ Based on open source Ethereum and Waves blockchains.

✅ Verifiable smart contracts.

✅ ERC-20 compatible wallets.

✅ Guaranteed security and transparency.

How to use Pila, Boro and Flica

☕ Payments in bars, restaurants, shops and activities.

🎟️ Tickets for events and museums.

🎨 NFTs and artistic projects.

📈 Investment and collecting.

We support the economy of Trieste

◆ We collaborate with businesses, cultural associations and artists.

◆ We create exclusive discounts and benefits for token holders.

◆ We build an ecosystem where the city grows together with technology.

Our journey

- Phase 1 – White paper, official presentation, wallet and community.
- Phase 2 – Local adoption, partnerships, mobile app, marketing.
- Phase 3 – International expansion, NFT, exchange listing.

How do we distribute tokens?

Pila – 21 billion (90% community, 3% team, 1% marketing, 1% reserve, 5% government).

Boro – 21 billion (90% community, 3% team, 1% marketing, 1% reserve, 5% government).

Flica – 21 billion (90% community, 3% team, 1% marketing, 1% reserve, 5% government).
